Sponsorship Opportunities

Ideas. Inspiration. Community.

Thursday, October 9, 2025

Berkshire Innovation Center

Pittsfield, MA

TED^x Berkshires

About TEDx Berkshires

TEDx Berkshires is a local, independently organized event that brings the exciting TED experience to the Berkshires by presenting top thinkers who are also amazing speakers. Our goal is to bring powerful ideas to an audience of local and regional thought leaders, and deliver exciting content that will be widely disseminated. TEDx Berkshires was originally established by Ethan and Jamie Berg, and the first event was held in 2010. **In 2023, the Berkshire Innovation Center became the new home and organizer of TEDx Berkshires.**

About TEDx

In the spirit of ideas worth spreading, TED has created a program called TEDx. TEDx is a program of local, self-organized events that bring people together to share a TED-like experience. Our event is called TEDx Berkshires, where x=an independently organized TED event. At our TEDx Berkshires event, the speakers will come together to spark deep discussions and connections. The TED Conference provides general guidance for the TEDx program, but individual TEDx events, including ours, are self-organized.

About the Berkshire Innovation Center

The Berkshire Innovation Center serves as a catalyst to spark innovation and sustainable growth of technology-focused companies in the Berkshires. We do this by offering programming that promotes learning for those in technology-led career paths, by offering shared access to labs and advanced technologies, and by convening and connecting our community.

Convening and connecting our community is exactly why we jumped at the chance to organize TEDx Berkshires.

The Event

We convert our Main Event Space at the BIC into a black-box TEDx Studio, designed for talks to be delivered in an intimate setting to a limited audience. Our talks have accumulated in excess of 100K views over the past two years, and being a part of the live studio production makes TEDx Berkshires a unique audience experience. The BIC is always a hive of activity but its never buzzing more than at our annual TEDx event!

The Details

Thank You For Your Support!

The Berkshire Innovation Center is an important part of the economic vitality and well-being of our region. Without your generous support, we would not be able to offer events like these. These events are key to building an awareness of the value of living and working in the Berkshires which in turn helps drive economic vitality and well-being.

Sponsoring this event is a fantastic opportunity to help with your branding, marketing, and goals for social good. Reach out to us to discuss how you can get involved!
